

# Emerging Clinical Issues in Infectious Diseases 2010

©Disney

Infectious Disease Association of California  
25th Annual Spring Symposium

May 1-2, 2010  
Hyatt Regency Orange County Hotel  
Garden Grove, CA

This activity has been approved for AMA PRA Category 1 Credit™

## Saturday, May 1, 2010

**7:30 AM Registration Opens  
Continental Breakfast  
Industry Exhibits**

**8:30 Opening Remarks**  
Bonnie V. Bock, M.D.  
*President, IDAC*

**8:40 Cardiovascular Disease, Lipid Disorders, and Diabetes Mellitus in HIV Patients**  
Michael P. Dube, M.D.  
*Professor of Clinical Medicine  
USC Keck School of Medicine  
Los Angeles, CA*

**Objective:** Attendees will be able to (1) understand the risks associated with HIV infection itself and antiretroviral treatment regarding cardiovascular events and metabolic disorders, (2) manage dyslipidemia and other metabolic disorders in HIV-infected patients, and (3) understand the challenges with long-term survival during HIV infection.

**9:40 Morning Break  
Industry Exhibits**

**10:00 A Practical Approach to Interpreting Chest X-Rays for Diagnosing Community-Acquired Pneumonia**  
Lacey Washington, M.D.  
*Assistant Professor, Radiology  
Duke University School of Medicine  
Durham, NC*

**Objective:** Attendees will be able to: (1) recognize a range of radiographic manifestations of community-acquired pneumonia, (2) be aware of the rationale for obtaining follow-up radiographs, and (3) recognize radiographic findings that are atypical of community-acquired pneumonia and should prompt additional investigation.

**11:00 Leland Rickman Memorial Lecture  
Antibiotic Usage Patterns and Selection of Epidemic Clostridium difficile Strains**  
Stuart Johnson, M.D.  
*Professor, Infectious Diseases  
Loyola University Medical Center  
Staff Physician, Hines VA Hospital  
Maywood, IL*

**Objective:** Attendees will be able to (1) understand the relative risk of specific antibiotics and antibiotic classes for *Clostridium difficile* infections (CDI), (2) understand the relationship of *in vitro* resistance of *C. difficile* strains to specific antibiotics and risk of those antibiotics to facilitate infection with those strains, and (3) understand the potential risk, if any, of proton pump inhibitors for CDI.

**Noon Lunch  
Industry Exhibits**

**12:30 PM IDAC Business Meeting & Committee Reports**

**1:30 Evaluation and Management of Wounds: Principles and Pearls**  
Harriet Jones, M.D.  
*Medical Director, Wound Care and Hyperbaric Medicine Center  
River Oaks Hospital  
Flowood, MS*

**Objective:** Attendees will be able to: (1) improve wound assessment skills, (2) utilize advances in wound care, and (3) recognize the etiologies of distinct chronic wounds.

**2:30 Session Ends**

**5:30 Reception and No-Host Dinner**

## Sunday, May 2, 2010

**8:30 AM Continental Breakfast**

**9:00 Update on Gram-Negative Bacterial Resistance**

Arthur C. Jeng, M.D.  
*Assistant Professor of Medicine  
Olive View-UCLA Medical Center  
Sylmar, CA*

**Objective:** Attendees will be able to (1) understand the current resistance to commonly used antibiotics in gram negative bacteria, (2) describe the mechanisms of resistance among gram-negative bacteria, and (3) understand the data behind "double coverage" for gram-negative bacteria.

**10:00 Morning Break**

**10:20 Antibiotic Stewardship Session  
Mandate for Antibiotic Stewardship in California Hospitals**  
Jon Rosenberg, M.D.  
*Chief, Healthcare-Associated Infections Program  
California Dept. of Public Health  
Richmond, CA*

**The Evolution of Cooperation**  
Ellie J.C. Goldstein, M.D.  
*Clinical Professor of Medicine, UCLA*

*Director, R.M. Alden Research Lab  
Infectious Disease Clinician  
Santa Monica, CA*

**Implementing Antibiotic Stewardship in Hospitals Panel**  
Raymond Chinn, M.D.  
*Hospital Epidemiologist  
Sharp Memorial Hospital, San Diego*  
Francesca Torriani, M.D.  
*Medical Director, Infection Prevention/Clinical Epidemiology  
University of California, San Diego*

Kavita Trivedi, M.D.  
*Medical Epidemiologist  
California Dept. of Public Health*

**Objective:** Attendees will be able to (1) understand the new California mandate for antibiotic stewardship in California hospitals and (2) develop a cohesive stewardship program by engendering co-operation between infection control, microbiology, pharmacy, and administrative personnel.

**11:50 Session Ends**

## REGISTRATION

To pre-register, complete the enclosed **Registration Form** and mail it to the IDAC office, or register **On-line** at [www.idac.org](http://www.idac.org). Pre-registration must be received by **April 23, 2010**.

**2010 IDAC Members** may pre-register for **FREE**, which includes morning receptions, sessions, buffet lunch, and breaks. Member on-site registration fee is \$20. IDAC membership is open to all M.D.s, Pharm.D.s, and Ph.D.s, Infection Control Practitioners, and Microbiologists with an interest in Infectious Diseases. Qualifying nonmembers may join by adding dues to the Registration Form.

**Nonmembers** may register for symposium sessions for both days or Sunday only. See Registration Form for pre-registration and on-site registration fees.

## SOCIAL EVENTS

For those not planning to visit Disneyland and other area attractions on Saturday night, IDAC is organizing a reception and no-host dinner at the Hyatt's TusCA Ristorante. If you wish to attend this dinner, please make reservations on the Registration Form.

## CANCELLATION POLICY

Symposium registration and banquet fees will be refunded (minus \$10 service fee), if written notification is received by Friday, April 23, 2010.
