

Emerging Clinical Issues in Infectious Diseases 2011

Infectious Disease Association of California
26th Annual Spring Symposium

April 30-May 1, 2011
Hard Rock Hotel, San Diego, CA

This activity has been approved for AMA PRA Category 1 Credit™

Saturday, April 30

7:30 AM Registration Opens

Continental Breakfast Industry Exhibits

8:30 Opening Remarks

Bonnie Bock M.D.
President, IDAC

8:40 Foodborne Pathogens: 2011*

Cynthia Sears, M.D.
*Professor of Medicine, Div. of I.D.
Johns Hopkins University
Baltimore, MD*

Objective: Attendees will be able to: (1) describe the spectrum of foodborne illnesses, (2) describe the clinical manifestations of foodborne illnesses, and (3) discuss the management of patients with foodborne illnesses.

9:40 Morning Break Industry Exhibits

10:00 Non-Bacterial Pneumonia: When the Labs Are Negative*

Thomas Cesario, M.D.
*Emeritus Dean and Professor,
Dept. of Medicine
University of California, Irvine, CA
Orange, CA*

Objective: Attendees will be able to: (1) describe the common agents known to cause non-bacterial pneumonia, (2) describe the newer recently described agents and their role in non-bacterial pneumonia, and (3) discuss the diagnostic and therapeutic possibilities.

11:00 Controversies in Coccidioidomycosis*

Royce Johnson, M.D.

*Chair, Department of Medicine &
Chief of Infectious Disease
Kern Medical Center, Bakersfield, CA
Vice Chair and Professor,
Department of Medicine
UCLA Geffen School of Medicine
Los Angeles, CA*

Objective: Attendees will be able to describe the subtleties of management of diverse complicated coccidioidomycosis infection and the impact on minority populations, e.g., Hispanic and Afro-American.

Noon Lunch Industry Exhibits

12:30 PM IDAC Business Meeting & Committee Reports

1:30 HIV Prevention: Are We Reaching the Beginning of the End?*

Robert Schooley, M.D.
*Professor of Medicine
Chief, Division of Infectious Diseases
Academic Vice Chair,
Department of Medicine
University of California, San Diego
La Jolla, CA*

Objective: Attendees will be able to describe the recent advances in biomedical prevention approaches directed at reducing the spread of HIV, including vaccines, drugs, male circumcision, and microbicides.

2:30 HIV Resistance Testing in 2011 *Non-CME satellite session*

Charles Walworth, M.D.
*Director, Global Medical Affairs
and Education
Monogram Biosciences*

Objective: Attendees will be able

to discuss the applicability of resistance testing in the management of their HIV-infected patients.

3:30 Session Ends

6:00 Wine & Cheese Reception

7:00 25th Anniversary Banquet

- Welcome to the Hard Rock
- Celebrating IDAC's 25 Years
- Award Presentations

Sunday, May 1, 2011

8:00 AM Continental Breakfast

8:15am Antibody Deficiency—Evolving Concepts in the Diagnosis and Treatment

Marc Riedl, M.D., M.S.
*Assistant Professor of Medicine
Section Head, Clinical Immunology
and Allergy
UCLA David Geffen School of
Medicine
Los Angeles, CA*

Objective: Attendees will be able to: (1) describe the increasingly complex numbers of PIDD diagnoses related to antibody deficiency; (2) describe the phenotypic characterization of antibody deficiencies and diagnostic criteria; (3) describe optimizing IgG replacement therapy for antibody deficient patients.

9:30 CLSI Revised Some MIC Breakpoints, Now What?

Janet A. Hindler, MCLS MT(ASCP)
*Sr. Specialist, Clinical Microbiology
UCLA Medical Center
Los Angeles, CA*

Objective: Attendees will be able to discuss the beta-lactam breakpoints for Enterobacteriaceae that were recently revised by CLSI and strategies for implementing them.

10:30 Mass-ive Change: Mass Spectrometry and Other Emerging Technologies for Identifying Infections

Donna M. Wolk, Ph.D. D(ABMM)
*Associate Research Professor,
BIO5 Institute
Division Chief, Clinical and
Molecular Microbiology
Arizona Health Science Center and
University Medical Center
Tucson, AZ*

Objective: Attendees will be able to describe the methods and appropriateness of mass spectrometry, multiplex PCR, and micro-array assays as an emerging technologies in clinical microbiology laboratories.

11:30 Session Ends

REGISTRATION

Complete the enclosed **Registration Form** to pre-register for the symposium. You may mail the form to IDAC, PO Box 66751, Los Angeles, CA 90066, or fax it to (310) 216-9274, or pre-register on-line at www.idac.org. Pre-registration forms and payment must be received by **April 22, 2011**.

2011 IDAC Members may pre-register for **FREE**, which includes morning receptions, sessions, buffet lunch, and breaks. Member on-site registration is \$20. Nonmembers may join by adding dues to the Registration Form.

Nonmembers may register for symposium sessions for both days or an individual day. See Registration Form for pre-registration and on-site registration fees.

* The Infectious Disease Association of California designates these educational activities for a maximum of 6.0 AMA PRA Category 1 Credit(s).™ Physicians should only claim credit commensurate with the extent of their participation in these sessions. This credit may also be applied to the CMA Certification in Continuing Medical Education.

** This session may also be applied to HIV Specialist certification.
