

The background of the entire page is a photograph of the Hyatt Regency Newport Beach hotel. The building is a multi-story structure with a prominent central tower featuring a domed top and two arched openings. The facade is light-colored, possibly beige or cream. Several palm trees are visible, with one large one in the foreground on the right side. The sky is a clear, pale blue. The overall scene is brightly lit, suggesting daytime.

ACCREDITATION

The Infectious Disease Association of California (IDAC) is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. IDAC takes responsibility for the content, quality, and scientific integrity of this CME activity.

PHYSICIANS: IDAC designates this educational activity for a maximum of 8.0 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education. I. 1.0 hour is applicable to HIV specialist certification.

PHARMACISTS: Pharmacists may use courses which have been approved for continuing education by the Medical Board of California towards their California continuing education requirement, (Section 1732.2(b) of the California Code of Regulations).

NURSES: Continuing Medical Education (Category 1) is acceptable for meeting RN continuing education requirements (California Board of Registered Nurses).

DISCLOSURES

This symposium is supported by grants from commercial interests. List of supporting companies will be available at the web site: www.idac.org and disclosed at the symposium.

CME topics and speakers are chosen independently of commercial interests. Speaker disclosures will be provided in the course syllabus, distributed at the symposium.

ABOUT IDAC

Founded in 1985, the Infectious Disease Association of California is a non-profit organization (Tax ID # 95-4106813), serving the educational needs of medical doctors in California with an interest in Clinical Infectious Diseases/HIV. IDAC is a regional society affiliated with the Infectious Diseases Society of America and the HIV Medical Association, as well as a recognized specialty society of the California Medical Association. IDAC conducts two symposia per year, publishes a quarterly newsletter, conducts research addressing clinical and business issues pertaining to the practice of Infectious Diseases, operates an Internet web site and e-mail network, and coordinates a Speakers Bureau.

Full Membership is open to physicians practicing in California. Associate Membership is open to physicians practicing outside California, pharmacists, Ph.D.s, R.N.s, infection control practitioners, and microbiologists. Dues are \$125 per year. Membership is also available to I.D. Fellows-in-Training in California at no charge.

April 27-28, 2013 • Hyatt Regency, Newport Beach, CA

The Infectious Disease Association of California (IDAC) hosts its 28th annual Spring Symposium on Saturday & Sunday, April 27-28, 2013. The Spring Symposium mixes the discussion of clinical infectious disease topics, with time to enjoy the destination and socialize with colleagues and their families. This year's event takes place at the Hyatt Regency in Newport Beach, CA.

As described in this brochure, this CME program will address:

- Viral Exanthems of Children, Adolescents, and Adults
- Antimicrobials in Pregnancy
- Fecal Microbiota Transplantation for Recurrent *Clostridium difficile* Infection
- Key Infection Control Research of the Past Year
- Hepatitis C in Co-Infected Patients
- Influential Healthcare Outbreaks
- Ventilator-Associated Pneumonia
- Herpes Simplex

The Satellite Session will address:

- Value of the Infectious Disease Physician

In addition, the IDAC business meeting, conducted over lunch on Saturday, will address issues related to the practice of clinical infectious diseases.

TARGET AUDIENCE

This activity is designed to meet the educational needs of physicians, pharmacists, researchers, infection control practitioners/nurses, and microbiologists with an interest in infectious diseases/HIV.

CME CURRICULAR GOALS & OBJECTIVES

Upon completion of this activity, the participant will be able to:

- Apply new recommendations for the diagnosis, screening, and treatment of viral exanthems in children, adolescents, and adults.
- Apply new recommendations for prescribing antimicrobials in pregnancy.
- Apply new techniques for fecal transplant in treatment of *Clostridium difficile* infections.
- Apply recent advances in infection control to their practices in hospitals and clinics.
- Apply new recommendations for the diagnosis, screening, and treatment of hepatitis C in co-infected patients.
- Apply lessons learned from past outbreaks to improve infection control in healthcare facilities.
- Apply new recommendations for surveillance of ventilator-associated pneumonia.
- Apply new recommendations for diagnosis, screening, and treatment of herpes simplex.
- Change practices to address cultural or linguistic healthcare disparities.
