30th Annual IDAC Fall Symposium

November 7, 2015 • Marriott Suites, Garden Grove, CA

The Infectious Disease Association of California (IDAC) hosts its 30th annual *Fall Symposium* on Saturday, November 7, 2015. The Fall Symposium mixes the discussion of clinical infectious disease topics and the chance to network with other medical professions from the infectious disease community in California.

This year's event takes place at the Marriott Suites Hotel, 12015 Harbor Boulevard, Garden Grove, California 92840—down the street from Disneyland.

As described in this brochure, this CME program will address:

- Carbapenem-Resistant *Klebsiella pneumoniae*
- *Vertebral osteomyelitis*
- HIV Therapy & Opportunities
- Hepatitis C in HIV Co-Infected Patients
- Telemedicine in Infectious Diseases and Antimicrobial Stewardship
- Local Fascinating Cases

In addition, there will be breakout sessions for physicians and pharmacists over lunch, addressing issues related to each of their practices of clinical infectious diseases.

Our annual I.D. Fellows Mentoring Session will follow the formal program. This is an informal round table discussion for fellows to interact with IDAC members, addressing questions about opportunities in private clinical practice.

TARGET AUDIENCE

This activity is designed to meet the educational needs of physicians, pharmacists, researchers, infection control practitioners/nurses, and microbiologists with an interest in infectious diseases/HIV.

CME CURRICULAR GOALS & OBJECTIVES

Upon completion of this activity, the participant will be able to:

- Apply new recommendations for treatment of Carbapenem Resistant *Klebsiella pneumoniae*
- Apply the new guidelines for treatment of *Vertebral osteomyelitis*
- Apply new developments in the treatment of HIV infections to choose optimal therapy.
- Apply a validated protocol on how to successfully start and finish HCV therapy in patients with ongoing barriers to care, a prevalent problem in any HIV clinical practice.
- Utilize telemedicine to reduce disparities in Infectious Disease health care and antimicrobial stewardship.
- Apply new recommendations for diagnosis, screening, and treatment of interesting local cases.

ACCREDITATION

The Infectious Disease Association of California (IDAC) is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. IDAC takes responsibility for the content, quality, and scientific integrity of this CME activity.

PHYSICIANS: IDAC designates this educational activity for a maximum of 6.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education. 2.0 hours is applicable to HIV specialist certification.

PHARMACISTS: Pharmacists may use courses which have been approved for continuing education by the Medical Board of California towards their California continuing education requirement, (Section 1732.2(b) of the California Code of Regulations).

NURSES: Continuing Medical Education (Category 1) is acceptable for meeting RN continuing education requirements (California Board of Registered Nurses).

DISCLOSURES

This symposium is supported by grants from commercial interests. List of supporting companies will be available at the web site: www.idac.org and disclosed at the symposium.

CME topics and speakers are chosen independently of commercial interests. Speaker disclosures will be provided in the course syllabus, distributed at the symposium.

ABOUT IDAC

Founded in 1985, the Infectious Disease Association of California is a non-profit organization (Tax ID # 95-4106813), serving the educational needs of medical doctors in California with an interest in Clinical Infectious Diseases/HIV. IDAC is a regional society affiliated with the Infectious Diseases Society of America and the HIV Medical Association, as well as a recognized specialty society of the California Medical Association. IDAC conducts three symposia per year, publishes a quarterly newsletter, conducts research addressing clinical and business issues pertaining to the practice of Infectious Diseases, operates an Internet web site and email network, and coordinates a Speakers Bureau.

Full Membership is open to physicians practicing in California. Associate Membership is open to physicians practicing outside California, pharmacists, Ph.D.s, infection control practitioners, and microbiologists. Dues are \$125 per year / \$60 per half year. Membership is also available to I.D. Fellows-in-Training in California at no charge.
