Prevention Committee
Members*

October 28, 2017

32nd Annual IDAC Fall Symposium

Great Wolf Lodge, Garden Grove, CA

This Activity has been approved for *AMA PRA Category 1 Credit™*
Applicable CEUs for Pharmacists and Nurses

IDAC Executive Committee:

Francesca J. Torriani, MD, *President*
Philip Robinson, MD, *Vice President*
Arash Heidari, MD, *Secretary/Treasurer*
Ronald J. Goldman, PhD, *Executive Director*

IDAC Council:

Mohammed Al-Jasim, MD
Nancy Crum-Cianflone, MD
Martin Fee, MD
Nilesh Hingarth, MD
Charles James, PharmD
James McKinnell, MD
Jeffrey H. Silvers, MD
Angela Vassallo, MPH, MS, CIC, FAPIC

IDAC CME Committee:

Gregory L. Strayer, MD, *Chair*
Raymond Chinn, MD
Ellie J.C. Goldstein, MD
Arash Heidari, MD
James McKinnell, MD
Francesca J. Torriani, MD
Norman J. Waecker, Jr., MD

About IDAC

Founded in 1985, the Infectious Disease Association of California is a non-profit organization (Tax ID # 95-4106813), serving the educational needs of medical doctors in California with an interest in Clinical Infectious Diseases/HIV. IDAC is a regional society affiliated with the Infectious Diseases Society of America and the HIV Medical Association, as well as a recognized specialty society of the California Medical Association.

IDAC conducts three symposia per year, publishes a quarterly newsletter, conducts research addressing clinical and business issues pertaining to the practice of Infectious Diseases, operates an Internet web site and e-mail network, and coordinates a Speakers Bureau. IDAC also conducts special educational activities, associated with timely topics (such as Antimicrobial Stewardship Programs).

Full Membership is open to physicians practicing in California. Associate Membership is open to physicians practicing outside California, pharmacists, PhDs, infection preventionists, nurses, physician assistants, and microbiologists. Dues are \$125 per calendar year. Membership is also available to I.D. Fellows-in-Training in California at no charge.

Disclosures

This symposium is supported by grants from commercial interests. List of supporting companies will be available at the web site: www.idac.org and disclosed at the symposium.

CME topics and speakers are chosen independently of commercial interests. Speaker disclosures will be provided in the course syllabus, distributed at the symposium.

2017 IDAC FALL SYMPOSIA

October 27-28, 2017

The Infectious Disease Association of California (IDAC) presents back-to-back infectious disease symposia, October 27-28, 2017. This year's event takes place at the Great Wolf Lodge Hotel in Garden Grove, CA.

On Friday, IDAC conducts *Practical Healthcare Epidemiology: A Course for Infection Prevention Committee Members*, in association with the California Department of Public Health and the California APIC Coordinating Council. This one-day program provides a basic understanding of healthcare epidemiology, fulfilling the California epidemiology course requirement.

On Saturday, IDAC presents our 32nd annual *IDAC Fall Symposium*. This program mixes the discussion of clinical infectious disease topics and the chance to network with other medical professionals from the infectious disease community.

Accreditation

The Infectious Disease Association of California (IDAC) is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. IDAC takes responsibility for the content, quality, and scientific integrity of this CME activity, unless otherwise stated.

PHYSICIANS: IDAC designates this combined educational activity for a maximum of *13 AMA PRA Category 1 Credit(s)*[™]. The *Practical Antimicrobial Stewardship* symposium on Friday is accredited for a maximum *7.00 AMA PRA Category 1 Credit(s)*[™]. The *IDAC Fall Symposium* on Saturday is accredited for a maximum *6.00 AMA PRA Category 1 Credit(s)*[™].

Physicians should only claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.

PHARMACISTS: Pharmacists may use courses which have been approved for continuing education by the Medical Board of California towards their California continuing education requirement (Section 1732.2(b) of the California Code of Regulations).

NURSES: The California APIC Coordinating Council designates this educational activity for a maximum of 13.0 CEU hours.

Practical Healthcare Epidemiology

A Course for Infection Prevention Committee Members

The Infectious Disease Association of California (IDAC), in association with the California Department of Public Health and the California APIC Coordinating Council, presents *Practical Healthcare Epidemiology: A Course for Infection Prevention Committee Members*, on Friday, October 27, 2017. This CME activity is designed to assist health care facilities in developing infection prevention strategies, while fulfilling the California epidemiology course requirement.

Need

The 2008 California Senate Bill 158 stipulates:

No later than January 1, 2010, a physician designated as a hospital epidemiologist or infection surveillance, prevention, and control committee chairperson shall participate in a continuing medical education (CME) training program offered by the federal Centers for Disease Control and Prevention (CDC) and the Society for Healthcare Epidemiologists of America, or other recognized professional organization. The CME program shall be specific to infection surveillance, prevention, and control. Documentation of attendance shall be placed in the physician's credentialing file.

In 2009, IDAC co-sponsored, with SHEA, three epidemiology training courses, held across the state of California, designed to fulfill the above California requirement. Since that time, healthcare infection prevention committee members have changed, and facility auditors are requesting more recent certification. This course not only fulfills the California requirement, but provides local expertise in developing infection prevention strategies.

Target Audience

Chairmen and members of healthcare infection prevention committees, as well as all physicians, pharmacists, infection preventionists, nurses, and physician assistants interested in infection prevention in healthcare facilities.

Goals & Objectives

Upon completion of this activity, participants will be able to:

- Fulfill the requirements of 2008 California Senate Bill 158.
- Be cognizant of strategies to recognize, to identify, and to prevent healthcare-associated infections (HAIs).
- Be knowledgeable in state and federal regulations/standards.
- Understand the difference between the NHSN surveillance definitions and the clinical criteria used in determining the presence of an HAI .
- Be able to engage multi-disciplinary participation in the Infection Prevention Committee.

The Program Information is listed on pages 6-7

32nd Annual *IDAC Fall Symposium*

The Infectious Disease Association of California (IDAC) hosts its 32nd annual *IDAC Fall Symposium* on Saturday, October 28, 2017. The Fall Symposium mixes the discussion of clinical infectious disease topics and the chance to network with other medical professionals from the infectious disease community in Southern California and beyond.

As described in this brochure, this CME program will address:

- *Animals in Healthcare Facilities*
- *Hepatitis C and B*
- *Infections in Non-HIV Immunosuppressed Adults*
- *Bacteriophage Therapy for Multidrug Resistant Bacteria*
- *Interpreting Procalcitonin Levels in CAP and Septic Patients*
- Local Fascinating Cases

Non-CME sessions include Break Out sessions for Physicians, Pharmacists, and Infection Preventionists to address non-clinical issues. In addition, a Mentoring Session gives I.D. Fellows-in-Training an opportunity to meet IDAC physicians in private practice to discuss career opportunities.

Target Audience

This activity is designed to meet the educational needs of physicians, pharmacists, researchers, infection preventionists, nurses, physician assistants, and microbiologists with an interest in infectious diseases and HIV.

CME Curricular Goals & Objectives

Upon completion of this activity, the participant will be able to:

- Apply new recommendations for access to animals in healthcare facilities.
- Apply new recommendations for treatment of Hepatitis C and B.
- Apply new recommendations for diagnosis, screening, and treatment of infections in non-HIV immunosuppressed adults, with particular attention to the patients receiving biologic agents.
- Apply new recommendations for bacteriophage therapy for multidrug resistant bacteria.
- Apply new recommendations for interpreting Procalcitonin levels in CAP and septic patients.
- Apply new recommendations for diagnosis, screening, and treatment of interesting local cases.

The Program Information is listed on pages 8-9

Practical Healthcare Epidemiology

A Course for Infection Prevention Committee Members

- 7:15 am** **Registration Opens**
Continental Breakfast / Industry Exhibits
- 8:15 am** **Symposium Welcome**
Francesca J. Torriani, MD

 San Diego, CA
- 2:15 am** ***Break / Industry Exhibits***
- 2:30 pm** ***How to Interpret Procalcitonin Levels in CAP
and Septic Patients***
 David N. Gilbert, MD
 Chief, Infectious Diseases, Providence Portland Medical Center
 Professor of Medicine, Oregon Health and Science University
 Portland, OR
- 3:30 pm** ***Local Fascinating Cases***
Presentations of interesting cases are selected from submitted cases by IDAC members. Deadline for submitting cases for consideration is September 20, 2017. Email case descriptions to idad@idad.org.
- 4:30 pm** ***Symposium Ends***
- 4:30 pm** ***I.D. Fellows Mentoring Session***
An informal round table discussion for fellows to interact with IDAC members, addressing questions about opportunities in private clinical practice.

IDAC FALL SYMPOSIA

October 27-28, 2017

Registration

Registration will include sessions, continental breakfast, buffet lunch, exhibits, attendee packet and resources, and attendance/CME certificate.

Registration fees are listed on page 11. Register as soon as possible, as attendance is limited. Pre-Registration can be completed on-line: www.idac.org or by mailing/faxing the completed attached registration form to:

IDAC, PO Box 66751, LOS ANGELES, CA 90066
OR FAX: (310) 216-9274.

Symposium Cancellation Policy

Symposium registration fees may be refunded (minus a \$20 service fee), if written notification is received by October 18.

Accommodations

Great Wolf Lodge in Garden Grove, CA is California's first and only indoor water park resort. There are over 105,000 square feet of indoor water park action and numerous activities for the entire family. Water park access can be purchased for \$57.86 per person or purchased with room rate (below). There are also discount tickets to Disneyland, with a shuttle bus available (information at Front Desk). There are 7 dining options on property, with additional restaurants, within walking distance. For hotel details, visit the website: www.greatwolf.com/southern-california.

Hotel Reservations

A block of hotel suites has been reserved for the Symposium at \$167.77 per night (up to 4 people). Room package with water park access is \$202.98 (with 4 water park passes included). Rates also include WiFi, USA Today, local/800 phone calls, in-room coffee, unlimited access to the Iron Horse Fitness center, life jackets and towels in the water park, parking, and tax.

To guarantee these special room rates, make your reservation on-line at: www.greatwolf.com/southern-california, using Offer Code: 1710INFE or by calling: (866) 954-9653. **The hotel reservation deadline is October 5, 2017.** After that date, rooms will only be available on an "as available basis" at current rates. Cancellations must be made at least 72 hours prior to arrival date.

Location/Parking

The Great Wolf Lodge is located at 12681 Harbor Blvd., Garden Grove, CA. Guest parking is included in room rate. Day Self Parking is \$5. Park on 3rd Floor and enter door directly to conference center.

Transportation

Driving Instructions: Detailed driving instructions will be provided with confirmation.

Air Travel: The Great Wolf Lodge is 13 miles from John Wayne Airport (SNA) and 36 miles from Los Angeles Airport (LAX). Airport transportation information will be provided with Symposium Confirmation.
