## About IDAC

---

Founded in 1985, the Infectious Disease Association of California is a non-profit organization (Tax ID # 95-4106813), serving the educational needs of medical professionals in California, with an interest in Clinical Infectious Diseases/HIV. IDAC is a regional society affiliated with the Infectious Diseases Society of America and the HIV Medical Association, as well as a recognized specialty society of the California Medical Association. IDAC conducts three annual symposia, special topic symposia, and research addressing clinical and business issues pertaining to the practice of Infectious Diseases, as well as operates an Internet web site, e-mail network, and a Speakers Bureau.

Full Membership is open to medical professionals practicing in California, including physicians, pharmacists, Ph.D.s, R.N.s, infection preventionists, and microbiologists. Associate Membership is open to medical professionals practicing outside California. Dues are \$125 per year. Membership is also available to I.D. Fellows-in-Training and Pharmacist Residents (associated with IDAC Members) at no charge.

# 2019 IDAC Fall Symposium

November 2, 2019 • Great Wolf Lodge, Garden Grove

The Infectious Disease Association of California (IDAC) hosts its 34th annual *Fall Symposium* on Saturday, November 2, 2019, at the **Great Wolf Lodge** in Garden Grove, CA.. This Symposium mixes the discussion of clinical infectious disease topics, with time to enjoy the destination and socialize with colleagues and their families.

As described in this brochure, this CME program will consist of 5.0 CME sessions:

- Hepatitis C
- *Candida auris*
- HIV/AIDS
- Hospital-Onset *Clostridioides difficile*
- Local Fascinating Cases

Non-CME sessions include Break Out sessions for Physicians, Pharmacists, and Infection Preventionists to address non-clinical issues, as well as an industry-sponsored satellite session (to be announced). In addition, a Mentoring Session gives I.D. Fellows-in-Training an opportunity to meet IDAC physicians in private practice to discuss career opportunities.

## TARGET AUDIENCE

This CME activity is designed to meet the educational needs of physicians, pharmacists, researchers, infection control practitioners/nurses, and microbiologists with an interest in infectious diseases, HIV medicine, and infection control.

## CURRICULAR GOALS & OBJECTIVES

Upon completion of this activity, the participant will be able to:

- Apply new recommendations for the diagnosis and management of *Hepatitis C* infections.
- Apply new recommendations for the diagnosis and management of *Candida auris* infections.
- Apply new recommendations for the diagnosis and management of HIV.
- Apply new recommendations for the diagnosis and management of Hospital-Onset *Clostridioides difficile* Infections.
- Apply new recommendations for the diagnosis, screening, and treatment of interesting local cases.

## DISCLOSURES

This symposium is supported by grants and exhibit fees from commercial interests. A List of supporting companies will be disclosed at the symposium.

CME topics and speakers are chosen independently of commercial interests. Speaker disclosures will be provided in the course syllabus, distributed at the symposium.
