## ACCREDITATION

The Infectious Disease Association of California (IDAC) is accredited by the California Medical Association (MA) to provide continuing medical education for physicians. IDAC takes responsibility for the content, quality, and scientific integrity of this CME activity.

**PHYSICIANS:** IDAC designates this educational activity for a maximum of 6.0 AMA PRA Category 1 Credit(s)<sup>™</sup> and American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program points. Physicians should only claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education I.

**PHARMACISTS:** The California Board of Pharmacy accepts coursework, which meets the standard of relevance to pharmacy practice and has been approved for AMA PRA Category 1 Credit<sup>™</sup>. A maximum of 6.0 C.E.U.s may be reported.

**NURSES:** For the purpose of recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credits<sup>™</sup> issued by organizations accredited by the ACCME. For the purpose of relicensure, the California Board of Registered Nursing accepts AMA PRA Category 1 Credits<sup>™</sup>. A maximum of 6.0 C.E.U.s may be reported.

## ABOUT IDAC

Founded in 1985, the Infectious Disease Association of California is a non-profit organization (Tax ID # 95-4106813), serving the educational needs of medical professionals in California, with an interest in Clinical Infectious Diseases/HIV. IDAC is a regional society affiliated with the Infectious Diseases Society of America and the HIV Medical Association, as well as a recognized specialty society of the California Medical Association. IDAC conducts three annual symposia, special topic symposia, and research addressing clinical and business issues pertaining to the practice of Infectious Diseases, as well as operates an Internet web site, e-mail network, and a Speakers Bureau.

Full Membership is open to medical professionals practicing in California, including physicians, pharmacists, PhDs, RNs, infection preventionists, and microbiologists. Associate Membership is open to medical professionals practicing outside California. Dues are \$125 per year. Membership is also available to I.D. Fellows-in-Training and Pharmacist Residents (associated with IDAC Members) at no charge.

The Infectious Disease Association of California (IDAC) hosts its 8th annual *Northern California Winter Symposium* on Saturday, March 5, 2022. The Winter Symposium mixes the discussion of clinical infectious disease topics and the chance to network with other medical professions from the infectious disease community in California.

This year's event takes place at the Holiday Inn & Suites at Oakland Airport, 77 Hegenberger Rd., Oakland, CA 94621—at the entrance to Oakland Airport.

As described in this brochure, this CME program will address:

- Artificial Intelligence in Clinical Medicine
- Antibiotic Stewardship
- Post COVID-19 Sequelae
- Non-Typhoid Salmonella Infections
- *Candida auris* infections
- Interesting Local Cases

Non-CME sessions include *Break Out* sessions for both Physicians, Pharmacists, and Infection Preventionists to address non-clinical issues. In addition, an *I.D. Fellows Mentoring Session* provides I.D. Fellows-in-Training an opportunity to meet IDAC members in private practice and discuss career opportunities.

## TARGET AUDIENCE

This activity is designed to meet the educational needs of physicians, pharmacists, researchers, infection preventionists, and microbiologists with an interest in infectious diseases and HIV.

## CME CURRICULAR GOALS & OBJECTIVES

Upon completion of this activity, the participant will be able to:

- Evaluate uses for Artificial Intelligence in Clinical Medicine.
- Identify strategies for behavior change in Antibiotic Stewardship.
- Apply new recommendations for the diagnosis, screening, and management of Post COVID-19 complications.
- Apply new recommendations for the diagnosis, screening, and management of Non-Typhoid Salmonella Infections.
- Apply current infection prevention strategies to mitigate the spread of *Candida auris*.
- Apply current recommendations for diagnosis, screening, and treatment of interesting local cases.
